

We are pleased to announce that beginning Monday, April 26, we will start rolling back some of our COVID protocols and our lobbies will again be open!

Curbside service is still available for those who prefer it. Our greeters will be on hand to help check you in when you arrive and keep things organized as we transition back to normal operations. Also, the numbered parking signs will remain in place a few weeks longer to help this process flow smoothly.

We will also continue to offer curbside pick-up for prescription and food orders. For those who prefer to continue using this service, please pull up to the front of the hospital and a team member will assist you.

We will no longer limit the number of people per patient exam inside the hospital to one. Due to the limited space in our cat hospital exam rooms, however, we ask that no more than two people be present for cat hospital appointments. Exceptions will be made for special circumstances.

In alignment with CDC guidelines, we will continue to require face masks/face coverings for appointments inside the hospital until further notice.

We appreciate your patience through this transition back to normal!
